# S A V O N

---

Organic shapes provide charm and grandeur to the products, and also provide greater comfort due to the quantity and quality of the materials used. In the Savon Upholstered Seat, the highlight is its pastille shape, which reminds us of the noble French soaps, symbols of elegance in the old continent. The wooden detail embraces the upholstered structure, forming a wrap that supports and adds even more beauty to this beautiful piece.

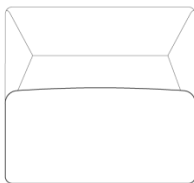

## FRAME

*Its seat and backrest have elastic percussion. Its frame is made of Eucalyptus wood, and also has a multilaminated wood plate in its details.*

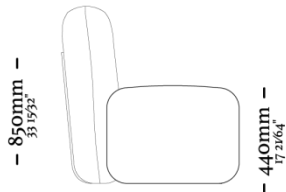

## FINISHINGS/COATINGS

*Finishes and coatings available according to the price list. It is a wide variety of finishes and coatings to compose unique pieces.*
