ITAMARATY

DESIGNED BY  
ESTÚDIO UULTIS

# ITAMARATY

---

Itamaraty combina a elegância dos arcos do Palácio do Itamaraty com o design contemporâneo funcional. Sua base imponente reflete as curvas e recortes dos arcos sinuosos da arquitetura, proporcionando suporte estrutural e um ponto focal estético que define sua identidade única.

## ESTRUTURA

*A estrutura é composta por base de madeira maciça de altíssima qualidade, usinada a fim de transmitir formas orgânicas. O tampo é de MDF, com lâmina natural de madeira e bordas chanfradas, que atribuem acabamento diferenciado para a peça, aguçando a sua identidade.*

## OPÇÕES

*Tampo oblongo/Tampo retangular/Tampo com canto arredondado*

## ACABAMENTOS/ REVESTIMENTOS

*Acabamentos disponíveis de acordo com a tabela de preços. É uma grande variedade de acabamentos para compor peças únicas.*
